

FUEL SAFETY ADDENDUM

Gas Me Up

Last Updated: December 12, 2025

This **Fuel Safety Addendum** (“Addendum”) supplements the Gas Me Up Terms & Conditions and applies to all gasoline-delivery services provided by Gas Me Up, LLC (“Gas Me Up,” “we,” “us,” or “our”). By using our Services, you acknowledge and agree to comply with all safety requirements contained in this Addendum. In the event of a conflict between this Addendum and the Terms & Conditions, this Addendum shall control with respect to safety requirements.

1. General Safety Principles

Gasoline is a hazardous, flammable, and volatile substance. You acknowledge and agree that:

- Fuel delivery requires special handling and safety procedures.
- Delivery Providers may refuse or cancel a delivery if the environment is unsafe.
- You are responsible for ensuring the delivery location is safe, compliant, and accessible.

Gas Me Up reserves the right to deny service at any time due to safety or regulatory concerns.

2. Location Requirements

You agree that the location where you request fuel delivery must:

1. **Be outdoors** and not inside an enclosed structure, parking garage, or other restricted area.
2. **Be accessible by vehicle**, allowing safe entry, refueling, and exit.
3. **Comply with all Pennsylvania state and local fire codes**, including municipal restrictions on hazardous-material handling.
4. **Not be within designated “no-delivery” zones**, including areas prohibited by local authorities or industrial regulations.
5. **Allow sufficient clearance** around your vehicle for safe fueling operations.

If a Delivery Provider determines a location is unsafe, delivery may be cancelled and a fee may apply.

3. Vehicle Requirements

You are responsible for ensuring that the vehicle requiring fuel:

- Is parked legally and safely.
- Is turned completely off before and during fueling.
- Has an accessible fuel cap.
- Is not leaking fuel or exhibiting signs of mechanical danger.

Gas Me Up may refuse to fuel vehicles that pose safety hazards.

4. Customer Conduct During Fuel Delivery

During any delivery, you agree to:

- **Maintain a minimum safe distance** from the fueling area.
- **Refrain from smoking**, vaping, or using any open flame.
- **Avoid operating electrical devices** near the fueling area.
- **Follow the Delivery Provider's instructions** at all times.
- Keep pets, children, and bystanders at a safe distance.

Failure to follow instructions may result in cancellation or termination of service.

5. Weather and Environmental Conditions

Gas Me Up may cancel or postpone deliveries due to environmental or weather conditions including, but not limited to:

- High winds
- Lightning or electrical storms
- Extreme temperatures
- Restricted visibility
- Hazardous road conditions

Your safety and the safety of our Delivery Providers is our highest priority.

6. Hazardous Situations

If there is a fuel spill, leak, fire risk, or other hazardous condition:

- You must immediately follow the Delivery Provider's safety instructions.
- You may be required to move a safe distance away.
- Emergency services may be contacted if needed.

If the hazardous situation was caused by your actions, negligence, or unsafe conditions at your location, you may be financially responsible for cleanup, damage, and related costs.

7. Compliance With Laws

You agree to comply with all applicable:

- Pennsylvania fuel-handling regulations
- DOT Hazardous Materials Regulations (HMR)
- Local fire codes and municipal regulations
- Safety instructions provided by Gas Me Up or Delivery Providers

Any attempt to interfere with or circumvent safety requirements may result in immediate termination of your account.
